Commissioners' Report

In accordance with the Public Statutes of the State of New Hampshire, the commissioners of Rockingham County herewith present the annual reports of the county commissioners, clerk of the Superior Court, sheriff, solicitor, superintendent of the County Farm and House of Correction, farm physician, farm chaplain, treasurer and auditors for the year ending December 31, 1932.

The County Farm at Brentwood has been in charge of Mr. and Mrs. Wallace Stiles as Superintendent and Matron. Everything has been well cared for, in spite of the great increase in the number of inmates during the past year, which has necessarily required much extra work and attention.

The lack of employment during 1932 has been most unusual. Many of the calls for aid have been due to this state of affairs. Through no fault of many worthy families they have been reduced to want. Much thought and time have been given by the commissioners to these unfortunate families, not only in a practical way, but by encouragement so that they may still retain their courage and self respect. We feel sure that as the unemployment situation eventually rights itself most of these families will become self-supporting citizens.

The buildings owned by the county, located at Portsmouth, Exeter, and Brentwood, have been carefully taken care of and kept up, although no great extra expense has been incurred except in the case of the Portsmouth Jail and at this time we wish to quote from the report of the State Board of Public Welfare for the biennial period ending June fourth, 1932, the following, in regard to the Rockingham County Jail:

"In October, 1931, the board made an inspection and the officials were notified of their findings, and recommendations have been made for changes which have been well carried out. The interior has been completely renovated and painted, new plumbing has been installed, numerous repairs and changes made in the kitchen and sleeping quarters of the trusties, new dishes purchased to replace the old porcelain ones, new refrigeration installed and at the time this report is being made, we

are notified by the commissioners that quotations are being sought for a steel fence to enclose the yard in order that the inmates may have outside recreation. With the numerous changes that have taken place, this will be one of the best jails in the state."

The aid to the blind has increased and is increasing every year, but this is such a worthy and satisfactory branch of the work, sending a little ray of light into the lives of many whose existence would otherwise be very dark.

The law giving "Old Age Assistance" to worthy citizens over seventy years of age who had lived 12 out of the last 15 years in the county has made much extra work and travel expense for the commissioners. The commissioners did not have any appropriation to cover this phase of the work, but we feel that through the co-operation of the selectmen and overseers of the poor and the expenditure of slightly over \$3,000 that this new law has been carried out very satisfactorily in our county.

A report of the year would not be complete without adding a word of appreciation and thanks to all county officials, and employees, the selectmen of the various towns, and the overseer of the poor of the City of Portsmouth and other towns for their co-operation, recommendations, and help given us during the past year.

The commissioners will be pleased at any time to meet any of the inhabitants of the county, either at the farm on Wednesdays or at the Portsmouth Court House on Fridays to talk over any of the county affairs which will be for the betterment of all concerned.

We wish to thank the many friends who assisted in making the Christmas season pleasant at the farm, and to those who have furnished entertainment at various times and contributed magazines, we extend our grateful appreciation.

WILLIAM B. UNDERHILL,
IRVING W. MARSTON,
SIMES FRINK,

Rockingham County Commissioners.

This case was pending when I took office in April, 1931, Stanton having been indicted in October, 1929.

Nos. 733-4-5-6-7, State vs. Randolph Seavey, offence: alleged embezzlement. These indictments were pending when I took office and have been under the control of the attorney-general. At the October Term, 1932, they were nol prossed.

No. 1112, State vs. Henry W. Whitten was tried by jury for larceny of hens; verdict guilty; sentence: three to five years in State Prison.

Carl Carroll tried by jury for petty larceny was discharged for lack of sufficient evidence.

During the calendar year I have investigated or caused to be investigated various complaints covering a wide range of alleged crimes. Many have proved to be groundless or such as did not merit prosecution, either by reason of the complaints being based on mere prejudice or on an erroneous idea of the law as understood by the complainant. The majority of such complaints covers defaulting husbands who in most cases are unable even to provide for themselves and whose homelife became unbearable because of circumstances beyond their control.

On the morning of November 20th those in charge of the County jail at Portsmouth found that there had been a wholesale delivery of the prisoners who were being held at the jail either on sentence or for trial on indictments returned by the October Grand Jury.

Although this was a matter which was the concern of the sheriff and did not concern me, Mr. Spinney requested me to make an investigation of the delivery of prisoners. Maintaining my original attitude that I was under no obligation to look into the matter I communicated Mr. Spinney's request to the attorney-general and he consented to make the investigation although requiring my assistance.

The disclosures of the investigation have been published in the newspapers and as published were substantially correct. Inefficient methods of keeping the jail were disclosed to some extent and now are supposed to have been remedied on recommendation of the attorney-general. I am, however, given to understand that at the present time there are two men on duty at the jail during the daytime and none at night. It is my

opinion that this condition should be remedied by such person or persons legally responsible for the guarding of the prisoners.

As a whole, Rockingham County, during the past year, has been very fortunate in the comparatively few serious criminal acts committed within its borders. We hope that 1933 will prove to be an even better year in this respect.

Respectfully submitted,

GEORGE R. SCAMMON,

County Solicitor.

Exeter, New Hampshire

Chaplain's Report

During the year 1932, the chaplain has conducted twenty-four chapel-services on Sunday afternoons, with a good attendance and interest manifested. Those attending have enjoyed the service of song.

Mrs. Bocash has served faithfully and capably as pianist, Mrs. Coffin has given efficient help in these services, as have others. Mr. and Mrs. Stiles have given sympathetic support to the work of the chaplain.

The Chaplain has officiated at one wedding at the Farm; and also at a number of funerals.

As time and strength permitted, the chaplain has sought to make calls upon the inmates. He is ready to serve all to the best of his ability.

Respectfully submitted,

WALLACE S. BOARDMAN,

Chaplain.

Physician's Report

EPPING, N. H., December 31, 1932.

To the Honorable Commissioners of Rockingham County:

The last day of the week, month and year reminds us that a report is due concerning the state and needs of the County's Institution at Brentwood.

The upkeep of the buildings and the sanitary conditions have been preserved at the usual high grade.

Nineteen hundred and thirty-two has been a very busy year for all concerned including your board, the superintendent, matron and the medical end.

The average of inmates, in some measure due to the general depression, has been higher than for many years. This reached at times 188 with our capacity of 200.

Every bed in the male wards of the Hospital has been occupied much of the time. A new inmate then necessitated drafting another, often before ready, to be sent to the Men's Home where less care and conveniences are available.

The children have run from 15 to 20. They and the old ladies are crowded and unfortunately situated partly in the female wing of the Hospital and partly in the east end of the Men's Home.

Part of the year a school was arranged in the chapel to accommodate those who could not be seated in the town school house near at hand.

It would seem that a building, smaller than the Men's Home, for the comparatively well females and children would solve the problem.

A large number of venereal cases, requiring hundreds of injections, and maternity cases have required more care than usual.

During the strenuous year wonderful cooperation has been rendered by your board, Mr. and Mrs. Stiles, Miss Lord, our "ever-ready" nurse, and Dr. Donald E. Higgins whenever I have needed or asked his able assistance.

Respectfully submitted,

A. W. MITCHELL, M. D.
